Union "Aims To Strengthen
Youth For the Work
Ahead"

NEWTOWN, July 5.—Current political problems were considered at the summer institute of the Southeastern Group of the Pennsylvania W. C. T. U., held Saturday at George School, near this place.

The discussion was opened by Mrs. M. E. R. Stuckert, of this place, who is the citizenship director for this county. Special attention was given the recent national conventions and Governor Alfred E. Smith's telegram of acceptance of the Democratic nomination for the Presidency was given much attention.

Mrs. Stuckert said Governor Smith had said that he believes in law enforcement, but if elected, he would work to have the Volstead Act modified.

On the other hand, Mr. Hoover believes that the prohibition laws as they are existing today can be made to succeed. He believes that the great prohibition experiment has not had sufficient time to function efficiently.

Miss Emily I. Packer, evangelistic director of Bucks county, conducted the morning devotionals, taking as her text, "She hath done what she could not." Miss Packer felt that the average person very often shrinks from undertaking work which must be done by some one, but which she feels herself absolutely unable to handle.

Mrs. Lucy A. Harper, president of the Bucks county union, voiced a gracious welcome to the women whose common cause is the furthering of prohibition in the world. Chester county's president, Mrs. Gertrude C. Baldwin, in an equally gracious manner, voiced a response.

Mrs. Ida Brown, state S. T. I. director, showed how her department is endeavoring to give every boy and girl of school age a definite understanding of the insidious work of alcoholic drinks.

"Between the ages of five and seventeen," she said, "there are about thirty million children in the United States, six million of whom are in religious or so-called private schools. To reach such a large number seems a Herculean task, but if the S. T. I. department of every county would look after the school of its division, the accomplishment is possible.

"Every school teacher should be supplied with a handbook, 'Alcohol and Other Narcotics,' which is a particularly good analysis of the subject from educational and medical viewpoints. When an S. T. I. visitor enters a school, she should go in intelligence, kindness and sympathy, suiting her words to the age of the pupil, type of school, etc.

"No advertising of W. C. T. U. should be undertaken. The department does not aim to advance W. C. T. U. membership or honor, but it does aim to help strengthen the land's youth for their work ahead. If the youth can be inspired for total abstinence the department asks no greater reward."

Miss Caroline Hershey, Yardley, rendered a much appreciated solo, "Where My Caravan Has Rested," accompanied by Miss Sara Wilson, of Churchville.

The Lankord bill, which would protect the Christian Sabbath in the District of Columbia was mentioned by Mrs. M. E. R. Stuckert and further explained by Elizabeth R. Ferguson, state and national director of Sabbath observance. She stated that two commonwealths and the District of Columbia alone in this country lack Sabbath legislation. She urged all locals to have petitions signed, asking for the passage of the bill when Congress next convenes.

Noctuid prayer was led by Miss Annie M. Skeer, Newtown.

The afternoon session was opened by devotionals services conducted by Mrs. Ferguson. Greetings were sent to the treasurer of the institute group, Mrs. Ella S. Slack, who was detained on account of illness in her family.

C. Loftin Adams, a young Philadelphia who has recently completed his high school course, gave a stirring speech, "Prohibition and a Youth," which showed great ability in oratory. Mr. Adams has been the successful contestant in several contests along prohibition lines. He boldly refuted the oft-heard statements that the youth of today has lost the restraint and high ideals of a few decades past. His speech was cheering to the older group, who are so eager that the youths should carry on their work to higher levels.

Mrs. Ella Black, state treasurer, who has given the month of June to the holding of meetings for the arousing of great enthusiasm and the spreading of further faith about prohibition, gave an hour's address which touched many phases of activities. She thought the work in the public schools of untold importance and urged.

FLOOD WATERS IN STATE CAUSING MUCH DAMAGE

Landslides Destroy Acres of
Property Throughout State,
Reports Indicate

MUCH DAMAGE IS DONE

PITTSBURGH, July 5.—(INS)—Flood waters causing landslides throughout western Pennsylvania, destroying acres of property, injuring many persons, and endangering the lives of thousands, continued their destructive course today in the wake of one of the worst storms that has ever struck this section of the state.

Damage is widespread and it is expected it will total hundreds of thousands of dollars. State police and volunteer workers today attempted to rescue the hundreds of people marooned by the flood waters.

Rainbow Garden, near McKeesport, was practically destroyed by a landslide which followed a cloudburst late yesterday afternoon marooning more than two thousands of holiday pleasure seekers, wrecking more than 200 automobiles and demolishing the buildings at the pleasure resort. Police searched the park today in an effort to learn if any lives were lost.

Another landslide on the Dravosburg-Duquesne Boulevard, buried 40 automobiles and injured several persons. The entire district, which is made up of the towns of Homestead, Clairton, Duquesne, and Dravosburg, was hard hit by the storm.

Nine automobiles caught in the sweeping waters were washed over a dam in Long Run near McKeesport. Homes and business houses in the town suffered thousands of dollars of damage.

Rail service was tied up at Homestead by a landslide which covered the four tracks of the Pennsylvania Railroad there.

Two airplanes were caught in the storm. One was badly damaged when it attempted to land.

Two More Fires Blamed On An Incendiary

Two more fires of incendiary origin started here Tuesday afternoon. One was at 212 Penn street at a property owned by Mary Morris. The Consolidated Fire Department was called and extinguished the blaze. The loss is given at \$75.

It is the opinion of Chief McGee that the house was set afire.

For the second time within a few days the barn of Robert Dyer, Walnut street, was set afire Tuesday afternoon. The women in the neighborhood discovered it and extinguished the blaze without calling the firemen.

Rags had been stuffed in cracks between the boards and then set ablaze.

HURT BY FIREWORKS

Nick Biancosino, of 436 Logan street, and Donald Glazier, of 218 Market street, each sustained injuries yesterday while setting off fireworks. The Biancosino youngster had the index finger of his left hand burned when a firecracker exploded while he was holding it. Young Glazier was burned upon the chest when a fire cracker, thrown by another individual, struck him. Each of the children were treated at the Harriman Hospital.

NURSERY STOCK AGENTS MUST HAVE LICENSES

Regulation Protects Customers
and Assists the
Nurserymen

STATE NOTES ARE GIVEN

HARRISBURG, July 5.—(INS)—Agents or firms soliciting orders or selling woody plants in Pennsylvania must be licensed, officials of the bureau of plant industry warned today. A number of instances recently have come to the attention of the bureau where agents were unacquainted with the provisions of the act passed by the last session of the legislature requiring such registration.

The regulations protect customers from unscrupulous dealers as well as provide an inspection service for nurserymen, officials said.

All nurserymen in the state are required to make application for inspection of their stock prior to July 1 each year.

Persons soliciting orders for nursery stock are required to carry certificates showing they are registered with the state to canvass. They are required to show the certificate upon request by prospective customers.

ROCHESTER, Pa., July 5.—(INS)—Beaver county is the first in the state to establish a milk control district which includes the entire county, according to H. E. Shroat, of the State Department of Health.

Shroat said that other milk controls had been established in various sections of the state but each is purely local and governs only the community in which it is located. The Beaver county commissioners will finance the milk control district, beginning next January, and until that time the state will aid in financing the project.

Boulevard Stops To Be Effective on 'Thru' Highways

Eight Pennsylvania Highways will be designated and marked as "Thru Traffic" Highways, with Boulevard stops, on July 2, by the Pennsylvania Department of Highways, Secretary James Lyaill Stuart announced today.

Traffic "slow" and "stop" signs will be erected on all roads or highways intersecting the "Thru Traffic Highways" on or before July 2, and motorists about to enter the "Thru Traffic Highways" will be required to slow up and stop in accordance with the provisions of the Motor Vehicle Traffic Code under a penalty of \$10 fine or five days imprisonment. The State Highway Patrol, under Superintendent Wilson C. Price, has been given instructions to enforce this provision of the Code on the designated "Thru Traffic Highways."

The "stop" signs will appear from five to fifteen feet distant from the "Thru Traffic Highway," being so placed as to give the approaching motorist ample time to stop. The "slow" signs will be placed on improved thoroughfares intersecting the "Thru Traffic Highways," one hundred to two hundred feet in advance of the "Stop" signs, the exact location being adapted to traffic conditions, to insure safe travel.

The "Thru Traffic Highways" in this section are designated as follows:

Lincoln Highway, Traffic Route 1, entire length (new United States Highways Nos. 1 from Morrisville to Philadelphia; 30 from Philadelphia to the West Virginia State line.)

—Edward Wilkinson, of Brooklyn, N. Y., was a Friday guest of his sister, Miss Mary A. Wilkinson, of 921 Beaver street.

—Mr. and Mrs. Joseph Snyder, of Monroe street, entertained last week Mr. and Mrs. F. P. Mircheis and children, Claire, Dolores and James, of Pittsburgh, Pa.

Safe and Sane Celebration Here Featured by Presentation of Standard to Legion Cadets and American Flag to Boro' by Groups of Local Organizations Inspired by Civic Love

Two affairs yesterday featured Bristol's Safe and Sane Celebration of Independence Day. The first took place at the Elks' Home when the American Legion Cadets were presented with a standard and staff as a gift from the Rotary and Exchange clubs. The second was the presentation of an American flag to Bristol Borough by a group of organizations.

ROTARY, EXCHANGE CLUBS PRESENT STANDARD TO CADETS

The Rotary and Exchange clubs yesterday morning presented a handsome standard and staff to the American Legion Cadets as a surprise feature of Independence Day celebration. The presentation was made from the steps of the Elks' Home where but a few weeks ago the Cadets were presented with a handsome American flag and staff by the Bristol Lodge of Elks.

The Cadets accompanied by the Legion Bugle Corps and members of Town Council assembled at the Legion headquarters and then proceeded over a short parade route to the Municipal Building where an American flag was presented to Bristol Borough.

The Legion Cadets were drawn up in company formation in front of the Elks' Home and William H. H. Fine, president of the Exchange Club, made the speech of presentation.

Mr. Fine told the Cadets and the assembled gathering that at a recent joint meeting of the Exchange and Rotary clubs it was suggested that a standard and staff be given jointly by the two clubs to the cadets.

"You are doing a service here and to Bristol," said Mr. Fine as he addressed the Cadets. "You recently won a prize at Perkaskie and also at Swenksville and in thus going from place to place you are advertising Bristol—representing Bristol all over the country."

"As a mark of appreciation I want to present to you on behalf of the Rotary and Exchange clubs this staff and standard."

The gift was accepted by Lewis Harris, the drum major of the Cadets.

The standard is a handsome light blue flag embroidered with the Cadets' insignia on both sides. The name of the organizations is worked into the design.

BORO' RECEIVES FLAG FROM ORGANIZATIONS HERE AMID APPLAUSE

Despite an extremely hot sun which beat down with fury upon the crowd a gathering of spectators stood at the Municipal Building for an hour yesterday morning listening to patriotic exercises and witnessing the first flag raising to be held at the building.

The flag, 10 by 15 feet, was presented to Bristol Borough by a group of organizations inspired by patriotic motives and civic pride. Arthur P. Brady, representing the Rotary Club, was chairman of the occasion and J. Leslie Kilcoyne, Esq., member of the Exchange Club, delivered the patriotic oration.

In calling the assemblage to order Chairman Brady explained the origin of the project of presenting the Borough with a flag to be flown from the Municipal flag pole. He enumerated the organizations interested and then called upon Percy G. Ford, who directed the gathering in singing one verse of "America."

The invocation was by the Rev. Henry Stuart Paynter, rector of St. James's P. E. Church after which Burgess Anderson was presented, who in turn introduced John Leslie Kilcoyne Esquire, as the orator of the day.

Mr. Kilcoyne gave a very patriotic oration and was frequently interrupted with the applause of those assembled as he fervently spoke of those men who in the various wars paid the supreme sacrifice; enumerated the heroic deeds of the founders of this country and sketched the sacrifices of such men as Washington, Lincoln and others.

The speaker said that Lincoln was the great surgeon of the world and that he performed his greatest operation when he cut that cancerous (Continued on Page Six)

PLAYGROUNDS TO OPEN HERE NEXT MONDAY

Kiddies of Town Eagerly
Anticipating the Big
Event

3 GROUNDS THIS YEAR

All tots of the town have the ninth of July chalked upon the calendar—for on that date the playgrounds of the town will be opened.

There are to be three centres for supervised play this year, one at the high school building, and the others will be located at the Wood street and the Bath street public school buildings.

Miss Mary A. Wilkinson will be in charge at the sixth ward play centre; while at the Wood street ground Miss Mary Fine will take care of the work; with Miss Marian Hellingens looking after the children's welfare at the Bath street building. All three are members of the faculty of the Bristol public schools.

The grounds will be open from nine until 12 o'clock in the morning, and from one to four in the afternoon. The work is sponsored by the Robert W. Bracken Post, No. 332, American Legion. Samuel Hardy is chairman of the committee in charge.

At each of the three grounds the outline will be somewhat similar. The usual routine consists of: Open-air exercises with many songs; games such as volley ball, baseball, etc.; work upon the apparatus. There will likewise be games for the smaller children, and bean bags, sliding boards and swings will keep all busy and contented.

Last year at the high school grounds the number of children present aggregated 250 to 300 daily; and a goodly attendance was marked up for the other two centres.

Miss Wilkinson states that any books, bean bags, etc., that might be available, will be most acceptable. A phonograph will likewise be of great assistance for plans laid out by this instructress.

SPECIAL MEETING

A special meeting of the Ladies' Auxiliary of No. 2 Fire Company will take place tonight in the fire station.

STUDENTS ENROLL

Students are now enrolling for the summer school, which will commence here on Monday, July 9th. Those desiring to engage in certain studies may enroll by calling at the Wood street public school office.

A. O. H. SCORELESS AS ST. ANN'S WINS TILT

Pitcher Tulio, of the "Saints,"
Gives Remarkable
Showing

12 RUNS FOR WINNERS

Schedule for Tonight
INDEPENDENTS vs. CASEYS

By T. M. Juno

Pitching one of the best games of his career and almost accomplishing a no-run, no-hit game, Tulio, of St. Ann's, set down the A. O. H. nine by the score of 12 to 0. Not until the final inning could any of the Hibos bang a hit. Dougherty beat out a slow roller towards third for a scratch hit.

Tulio's support was the best any pitcher could expect, especially at short where "Eddie" Roe gobbled seven rollers and threw the batter out. Some looked as if they would go for sure hits.

Fields, of St. Ann's, took the lead in the number of stolen bases by pilfering two bases. J. Brady, runner-up, stole but one bag. The victory was the seventh straight chalked up for the Dorrance street boys, who have not tasted defeat since their initial start when Field Club beat them.

St. Ann's took the lead right off by assembling five runs. Fields walked and stole second. Gilardi's single counted Fields. Roe hit to short, who threw to second to force Gilardi, but Gilardi beat the throw. Holden made an error on Paletta's hit, scoring Gilardi. Stallone walked. Seneca's two-bagger scored Roe, Paletta and Stallone. Seneca went to third on the throw in. Missera was hit by a pitched ball. O'Riella fled to Dougherty. Missera went out at second. F. Dougherty to Thompson. Tulio lifted to second.

The "Hibos" drew a blank in their start. F. Dougherty went out. Paletta to O'Riella. Margerum lifted to Missera. McGinley hit to Paletta and went out.

St. Ann's were zeroed in the second. Margerum threw out Fields. Gilardi struck out. Roe singled. Paletta forced Roe.

Lyden was safe on Paletta's error to begin the third. He was forced on J. Brady's hit to Roe. Brady stole second. The Roe-O'Riella combination got rid of Holden. Seneca to O'Riella retired the side on Thompson's roller.

The "Saints" were shut out again in the third. Stallone's short fly was caught by Lyden. Seneca was passed. Missera reached first on Thompson's error. O'Riella filled the sacks on a fielders' choice. Tulio hit to Holden and Seneca went out at the plate. Fields' high fly went to Dougherty.

The Hibernians received another blank in the third. Roe threw out H. Brady. Kervick walked. F. Dougherty struck out. Margerum hit to Roe for a put out at first.

St. Ann's increased their lead by two runs in the fourth. Gilardi looked at a third strike. Roe fled Margerum. Paletta banged a hit over third. Stallone rammed a hit to center. Seneca's hit dropped over Thompson's head for his second double, scoring Paletta and Stallone. Thompson to Lyden stopped the goings on Missera's roller.

Tulio made fast work of the Irish team in their fourth. McGinley struck out. Lyden hit to Tulio and went out. J. Brady fanned.

Five more big ones went up for Sagolla's clan in the fifth. O'Riella walked. Tulio singled. Holden was relieved by F. Dougherty. J. Brady took F. Dougherty's place at second while Holden went behind the plate. O'Riella stole third and scored on a wild pitch. Fields walked. Tulio scored on Gilardi's second single. Roe received a complimentary ticket to first. Paletta hit to Thompson and was thrown out. Fields scoring. J. D. Fells, is pastor; and Mrs. Maddrid is managing the affair.

FOUR ARRESTED IN HULMEVILLE: MANY CHARGES

Three Members of Mitch Family
and Boarder Start
Melee

OFFICERS A R E BUSY

Hearing Held Here Today;
Quartet Held Under Bail
For Court

HULMEVILLE, July 5.—Four residents of this borough were lodged in the Bristol municipal building yesterday, serious charges being lodged against each of the members of the quartette.

Edward Mitch, Sr., was held on the charge of aggravated assault and battery upon an officer, attempt to kill, drunk and disorderly, and surety of the peace.

His two children, Ida Mitch, and Edward Mitch, Jr., are charged with the same offenses.

George Eastburn, who resides with the Mitch family, has the following charges lodged against him: Assault and battery upon an officer, and drunk and disorderly.

The trouble commenced early yesterday afternoon, when Edward Mitch, Jr., operating a car which contained other members of the family and some friends, ran into a barricade that had been erected at Trenton and Bellevue avenues, while the road is in course of repair. One of the rear wheels was tireless. After the barricade was knocked down, the driver failed to halt at the command of a townsman who was directing traffic at the intersection.

Apparently steering the car right for several bystanders the young man hit Edward Bilger and barely missed Walter Fry and a third individual.

The machine was then headed down Main street and driven to the Mitch home, with the traffic officers in pursuit. Warrants were secured at the office of Jesse C. Everitt, and Officer H. Lincoln Hughes, of Bensalem township; Thomas Crawford, of Bristol township; and Corporal Welsh and two of his deputies from the State Highway Patrol, were summoned. These, with others from the town, took the group into custody, later taking them to the municipal building at Bristol.

Mitch, Sr., while resisting arrest, carried an axe in his hand, defying anyone to take him. At another time during the fracas, the daughter, Ida, picked up a basket of potatoes, dumping the contents upon the head of Officer Hughes as he was endeavoring to subdue her father.

At the hearing held here this morning in the municipal building before Justice Everitt, Edward Mitch, Sr., and his son, Edward, Jr., were each held in \$1,500 bail for court when they waived a hearing. Ida Mitch, a daughter, and George Eastburn who resides with the Mitch family, were held each in \$1,000 bail for court when they also waived a hearing.

The municipal court was crowded with spectators who had been attracted to the scene through the antics of those under arrest since yesterday. Those under arrest held a continual conversation, calling to each other from one end of the jail to the other. Ida Mitch appeared in court today with highly rouged lips and cheeks.

Mrs. Mitch and two other daughters, the members of the family who were not placed under arrest, occupied prominent seats at the hearing and advised the other members of the family what action to pursue until John L. Du Bois, who was employed over the telephone as counsel, could get hold of the case.

Officer Hughes preferred numerous charges against the three members of the Mitch family, while a South Langhorne constable lodged the complaints against Eastburn.

Hughes today was nursing bruises on his head caused by Ida Mitch striking him on the head with a half-basket of potatoes.

It was, apparently, a free for all which was staged at Hulmeville yesterday. Five police officers, State Highway Patrolmen, members of Town Council and others got into the melee.

PERKASIE MEETING

The members of Robert W. Bracken Post, No. 332, American Legion, will make a trip to Perkaskie tonight, by bus. At this time the clock won by Perkaskie Post of the Legion by virtue of honors won in the recent Legion membership drive conducted by the 40' n' S Society, will be presented to the up-county post. Bucks Voltire, No. 929, conducted the drive, and many new faces were added to the ranks of the legionnaires. Bus will leave the post rooms promptly at seven o'clock.

HIGH GRADED CATTLE

Twenty-nine high graded Jerseys and Guernseys arrived at the Walnut Grove Dairy Farm today.

LAWN PARTY

A lawn party will be held tonight at the Second Baptist Church for the benefit of that congregation. Rev. E. D. Fells, is pastor; and Mrs. Maddrid is managing the affair.

CURBING THE AUTO SHEIK

Charged with annoying young women by cruising along the curbing and inviting them for a ride, a Yonkers, New York, youth has been fined for disorderly conduct and his automobile license revoked for a year. It is the first instance on record of such punishment being meted out for "moral turpitude," but it appears to be a just one and an effective method of dealing with a growing menace.

Nearly every young woman with a fair share of charm has had some experience with these sheiks on wheels. They stalk along the curbing of Bristol streets in pursuit of unescorted girls, pressing their unsolicited invitation to get into their cars. Some of them are persistent and hard to rebuff, while others scurry off after receiving an angry look.

The arrest of these fellows and revocation of their automobile licenses for a long period probably would put a stop to the practice. Such action is needed for the protection of respectable girls who are greatly annoyed by them. They have taken the place of the corner loafers who, before the advent of the automobile, were similar offenders. Policemen on their beats should act at once when they see these marauders in action.

A PENNSYLVANIA MASSACRE

Celebrations such as that at Wilkes-Barre this week commemorating the Wyoming massacre of 1778 serve to remind the people of Pennsylvania that their state has a recorded history which, though written at a fast and furious rate, period of twenty-four decades, was written at a fast and furious rate. Where else has so much important history been packed into so brief a period?

The Indian massacre in the Wyoming Valley on July 3, 1778, in which approximately 100 white settlers, many of them women and children, were ruthlessly slain, was one of the great tragedies and horrors of the Revolutionary war and colonial periods. It is one of the three Indian massacres that live in all their terrifying detail in the minds of every American.

Pennsylvania probably owes its leadership among the states of the world partly to the formidable obstacles it overcame in its settlement days. Those settlers had to fight every inch of their way against the wilderness and the savages with which it was infested. The state has inherited much of its strength and vision from those hardy, courageous pioneers.

Doubtlessly, there were among those early settlers men and women who loved nothing better than a good fight with the savages and nature against tremendous odds, but they must also have seen that they were fighting for big stakes. Visionary as they were, they could not have seen the great empire of which they were laying the foundation stones. Pennsylvania's debt to them can never be repaid. The least posterity can do is to remember them.

The final proof of faith in human nature is to believe a used car's speedometer.

Science has declared the next war will be with insects. But that is what we call our enemies during war.

That 50,000 tons of paper are used in making up New York telephone directories is an astounding bit of news, if it's the right number.

RELIEF FROM CURSE OF CONSTIPATION

A Dattle rock physician says, "Constipation is responsible for more misery than any other cause."

But immediate relief has been found. A tablet called Rexall Orderlies has been discovered. This tablet attracts water from the system into the lazy, dry, evacuating bowel called the colon. The water loosens the dry food waste and causes a gentle, thorough, natural movement without forming a habit or ever increasing the dose.

Stop suffering from constipation. Chew a Rexall Orderlie at night. Next day bright. Get 24 for 25c today at the nearest Rexall Drug Store.—(Adv.)

IN MEMORIAM

HULSEMAN—In sad and loving remembrance of my dear mother, Sarah Hulseman, who passed away July 1, 1927.

One year has passed since that sad day.

When the one we loved was called away.

We loved you then, we love you still; Forget you, no, we never will.

We often sit and think of you, And think of how you died; And, oh, it was so hard to think We could not say "Good-bye!"

A. O. H. Scoreless As St. Ann's Wins Tilt

(Continued from Page One)

Brady errored on Stallone's hit and Gilardi and Roe counted. Stallone went out stealing, Holden to J. Brady. Seneca whiffed.

Roe threw out Holden and Thompson to begin the fifth. H. Brady received a pass. Kervick fled to deep center.

F. Dougherty did fine work in the "Saints'" last bat. Missera fanned. O'Riola was passed again. Tulio struck-out. Field's hard smash was stopped by F. Dougherty, who threw him out.

Tulio gave his only hit in the A. O. H. final. F. Dougherty beat out a roller to third and went to second on a passed ball. Margerum hit to Paletta, who threw to Roe to get F. Dougherty off second. In a run-down, Dougherty was tagged out. Tulio braced up and fanned McGinley and Lyden to end the game.

LAMBERTVILLE DEFEATS OPPOSING BUCKS TEAM

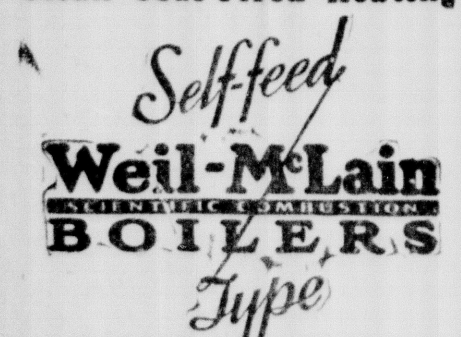

LAMBERTVILLE, N. J., July 5.—The Paterson Parchment Paper Company of Tullytown defeated the locals here Saturday in a close and exciting game.

"Lefty" Russo held the visitors to four scattered hits for seven innings. In the 8th four hits and a sacrifice fly netted four runs.

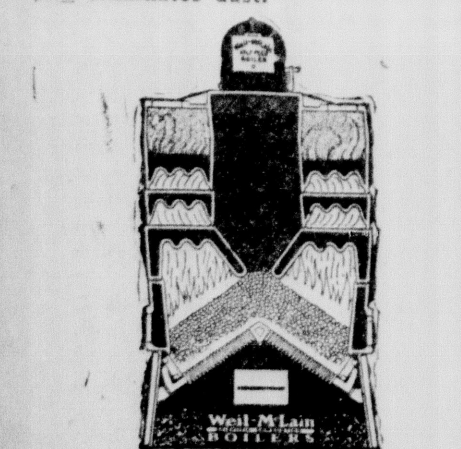

Cochrane, Dietrich and Cooper were the hitting stars, with three apiece. Partite starred at the bat for Lambertville. Sensational catches in the field by Sheridan and Rose were the fielding features. For Tullytown Hellings and Cooper made fine plays.

Riola continued his heavy hitting for Tullytown, adding two more hits to his total. Mike has hit safely in 10 games getting at least two hits a game for a batting average of .570. Carmen pitched well for Tullytown, blanking the locals in seven innings.

growth—slavery—from the heart of the nation.

Mr. Kilcoyne reviewed those epochs in the history of America which occurred during the trying days when America was being established. He told of the Continental Congress, the signing of the Declaration of Independence and the making of the flag.

The flag was presented on behalf of the donors by W. Ray Smith, commander of Robert W. Bracken Post, No. 382, American Legion. It was accepted by Chief Burgess, Clifford L. Anderson and handed over to a committee of Legionnaires and raised to the top of the new staff. As the flag was raised the Legion Cadets played "To the Colors." The assembly sang "Star-Spangled Banner." As the flag was unfurled hundreds of small silk flags floated to the ground and were eagerly scrambled for by those near at hand.

Political Items Considered By Pa. Group, W. C. T. U.

ed great watchfulness to ascertain what type of patriotism various teachers are instilling in the pupils' minds. "The personnel of school boards," she said, "should not be disregarded. If a director is known to be an opponent to respect for law and general citizenship ideals, that person must be defeated the next time he runs for office."

It was considered wise to have one or two women on every board. The new state headquarters at Harrisburg was referred to as a lighthouse. She felt the W. C. T. U. should come next to the church and that every member should be proud of belonging to a society which works to make child-

hood's lifeway more safe. She called for volunteers to be cheer in the hearts of at least a small cheer leaders, not perhaps of the great group, who at times become discouraged. ability of a Mrs. Boole or a Mrs. Ar-

"This state," she said, "is a power industrially and politically. Such a state must have a place as a power in the spiritual and moral building of the W. C. T. U. must have a part." Mrs. Stuckert was again called to the platform to map out for future use more careful study of the fourteen amendments to be voted on Nov. 6 in this state. One has to do with the state doing its own printing and binding, two deal with inheritance tax exemptions, a fourth with the optional division of election districts, a fifth with the optional use of voting machines, and two others with increased borrowing power in Phila., Pittsburgh, Scranton and county units. Two more deal with Pittsburgh assessment or improvements and Pittsburgh uniting of many outlying districts in Allegheny county. Five touch the following bond issues: \$5,000,000 for National Guard of Penna., \$8,000,000 for State College, \$25,000,000 for forest purposes, \$50,000,000 for the welfare departments and \$50,000,000 more for roads.

The speaker felt it wise to read on both sides of all these fourteen issues, so as to decide wisely in Nov. She, however, felt that the amendment in reference to the voting machine had already been sufficiently studied to convince many thinking people that such would be a step toward less fraud on election days.

The next institute will be held in Delaware county. The evening session which had been scheduled to cover a grand gold medal contest, was omitted because not a sufficient number of participants were available to make the contest a success.

Why Only Reo Can Build a Reo

WHEREVER superior quality is a guarantee of finer performance, greater comfort, surer economy for the Reo owner, Reo builds of the best that money can buy. There has been no compromise with price.

No other car in or near Reo's price classes is so universally constructed of the finest that money can purchase.

And no other car, regardless of price, has built into it the faultlessness of design and the engineering excellence that are peculiarly Reo's own. Brains are, of course, no company's monopoly, but the brains that developed the 1929 Reo Flying Cloud so far in advance of its time were inevitably attracted to Reo—

a place where honesty of purpose and engineering farsightedness are sure to bear fruit.

For Reo engineers are unhampered by the restrictions of a vast, immobile plant; Reo plans are carried out as projected without the restrictions imposed by indebtedness, and Reo products are honestly built in a plant noted for having the lowest rate of labor turnover in the industry.

These are the conditions which have made possible Reo's advanced engineering—which have attracted the best brains in the industry, brains that money alone could never buy.
